Technical Skills

Reporting Tools:	Tableau Desktop, Power BI, Sap BO
Languages:	Python, C, Java
ETL Tool:	IBM Infosphere Datastage
Log Analysis Tool:	Splunk
IDE:	VS Code, Jupyter Notebook
Database:	Mysql, Teradata, Mongodb
Others	Machine Learning(ML), Numpy, Pandas, Matplotlib, Advance Excel, VBA

Project Undertaken

Project 1: Parcel Tracking

Description: This project was developed for a courier service providing company in canada. It is a door to door service that delivers courier across canada. It track the courier from source to destination at each stage and generates the report for that.

Technology: Tableau, IBM Infosphere Datastage, SAP BO, Teradata

Project responsibilities:

- Developing reports using Tableau Desktop, SAP BO, Microsoft PowerBi.
- Performing Tableau server admin activities.
- Creating and supporting jobs for ETL in IBM Infosphere Datastage.
- Implemented Bash Scripts for Tableau cleanup activities on server.
- Priotization of tasks using Kanban Agile flavour.

Project 2: Players Performance

Description: This report shows the individual player performance for past 5 years in IPL(Indian Premier League).

Technology: PowerBi, SQL, Excel, Big Data

Project responsibilities:

- Bringing all heterogeneous data from different sources to data warehouse.
- Showing top 10 Batsmen as per runs, average, strike rate in charts using Microsoft PowerBi.

Project 3: Fraud Alert

Description: This project is to track the number of failed logins attempt on client server. This report shows the country, city and frequency of failed attempts that are executed in form of graphs and table. It also sends alert to a specific mail id if the failed attempts exceeds to a threshold.

Technology: Splunk   Sql

Project responsibilities:

- Developing graphs and table for reports using Splunk.
- Cleaning server logs data to make it ready for visualization.

Educational Qualifications

Course	Institution	Aggregate	Year of Completion
B.Tech(Computer Science Engineering)	IMS Engineering College, Ghaziabad(AKTU)	76.8%	2018
Intermediate	St.R.C. Convent School Jhinjhana, Uttar Pradesh	76%	2014
High School	St.R.C. Convent School Jhinjhana, Uttar Pradesh	9.6 CGPA	2012

Project: Google Maps Based Trending Decision

Description: The main contribution of this project is the integration of sentimental analysis on location-based Twitter data. Another contribution of this project is the development of a novel user interface, which allows the user to search interactively on Google map. This integrated sentiment analysis works efficiently and performs location-based popularity on persons, products, event or any given topic.

Technology: Machine Learning, SVM, Python, Google Map Api

Project responsibilities:

- Sentimental analysis using SVM.

Personal Details:
